

ARC / MMA Welding Machines

Indus Arc MMA welding machine are inverter based Power efficiency machine . They are widely used for manual metal arc welding with acid and basic coated electrode which offers excellent welding performance

Special Features:

- Advanced Inverter Technology & Saves Power Up to 35%
- Precise Pre setting of Weld Current & Simple operation.
- Stable Low end Welding Current guarantees outstanding welding even on thin sheets.
- Portable, Power efficient, dynamic response & Highly Reliable.
- Strong Ability against power fluctuation.
